

Motion to Amend LWVMT Position
June 2018

Position for Action:
Criteria for Good Government

Paragraph Two

Current

Closer coordination of government is desirable. Piecemeal consolidation should be continued while an approach is being made toward a more comprehensive plan of government

Proposed

Closer coordination of government is desirable.

Rationale

The Criteria for Good Government was crafted / adopted in 1960's. Since that time, the City of Tulsa has adopted a strong Mayor/Council form of government. "Piecemeal consolidation" is outdated and no longer applicable.
